

WILL CONTINUE BOOK CAMPAIGN

Receipts Saturday Were Nearly 1,500, Which Is Largest Day's Total

BOY SCOUTS ACTIVE

Kiwanians Hope to Announce Receipt of 5,000 at the Monday Luncheon

The Kiwanis club campaign to obtain books for the public library will be continued all this week, M. Q. Shrewsbury, chairman of the club library committee, announced Saturday. Headquarters will remain in the Home Building & Loan association office at Fourth and Boston, and the telephone number, 2-15, will not be changed.

According to Shrewsbury, and as evidenced by the enormous stacks of books at headquarters, there has been an appreciable increase in receipts each day since the campaign opened last Tuesday. Receipts Saturday were nearly 1,500, of which a large portion were collected through the efforts of Boy Scouts.

"I want to report to the Kiwanis club at its weekly luncheon Monday that 5,000 books have been received at headquarters," Shrewsbury said yesterday. "If receipts are healthy Monday morning up to noon, my wish will be realized."

Through the Boy Scouts, Mr. and Mrs. C. E. Comstock, 1532 South Detroit, gave 122 volumes Saturday, among them being a complete set of Richard Harding Davis' works. Mrs. T. W. Carman gave 50, Mrs. H. C. Patterson, 34; Mr. and Mrs. Gray Carroll, 1313; Mrs. Arthur Newell, 19; C. W. Davis, 27; Mrs. Roy W. Dunlap, 47; W. M. McDermott, 19; Mrs. William Mohr, 14; Mrs. H. W. Johnson, 33; C. F. Farren, 12; Mrs. J. A. Campbell, 12; J. K. Wilson, 18; Mrs. H. B. Goodrich,

26; H. N. Greis, 27; Otis Snow, 24; J. A. Padon, 16.

One little youngster, a newsboy, appeared at headquarters and proudly presented a small volume. It was all the book he had, he hoped, and he thought maybe some other little boy would like to read it "even if four pages were gone." Those at headquarters have been surprised at the excellent quality of books received. Virtually every subject is included, from fiction to psychology. John R. Hadley donated a mammoth Century dictionary, which is in itself a liberal education. Only two copies of the Bible have been received. Shrewsbury said yesterday he hoped several copies of the Bible will be given, and also expressed a wish for a few copies of Science and Health, as both of these volumes are always in demand by patrons of the library.

"We are going to continue this campaign just as long as people will give books," Shrewsbury announced. "After this week we may change the telephone to another location, but we will go anywhere in the city to collect books if those who have them to donate will call us. Whether it is one volume or a hundred is immaterial—we want the books."

The names of donors are stamped in the books as they are received at headquarters.

FIGURE IT OUT YOURSELF

Brother and Sister Marry Sister and Brother, complicating Relations

LINCOLN, Neb., March 18.—Figure it out yourself—Mrs. F. R. Hawley, juvenile probation officer, has a headache as a result of try to, she says.

Lewis Boggs, 18, a newlywed, is his own stepbrother-in-law and Zelma Starr Biggs, 18, whom he married in Beatrice, Neb., January 28, is stepfather-in-law to herself. May Biggs and Pete Starr were married at the same time. Brother and sister married brother and sister.

The Biggs mother, divorced, is the wife of John Starr, father of Pete and Zelma. The relationship came to light today while Mrs. Hawley was looking into the reputed marriage of Zelma's sister, Sarah, 16, to Herman Roush, at Nebraska City last week.

U. S. TO GIVE AID TO ARKANSAS ROAD

Government Offers Line \$3,500,000 if Terms Are Met

WASHINGTON, March 18.—To aid the resumption of operations of the Missouri & North Arkansas railroad, the interstate commerce commission gave notice today a government loan of \$3,500,000 would be extended providing that the owners and the receiver of the property comply with certain conditions in its corporate reorganization.

The commission, by a decision earlier this week, provided for a greater revenue for the railroad by increasing its proportionate joint rates from routes maintained with other carriers.

In a communication to Festus J. Wade, receiver, the commission today agreed to grant the road \$3,500,000 for the purpose of paying off outstanding debts and \$500,000 for the provision of new equipment and for betterments to its line, which runs from Joplin, Mo., to Helena, Ark. The receiver and the holders of claims against the road, however, the latter said, must consent to the complete wiping out of all liens and claims and equities of ownership in the railroad and must issue \$5,000,000 in a first mortgage bond issue, constituting after the reorganization the only debt of the road, which the government will accept as security for the advance.

The receiver also is required to arrange for the issuance of \$5,000,000 in common stock, which must be disposed of for at least \$200,000 in cash, which will serve as working capital after operations are resumed. The railroad suspended completely its operations last year after the

receiver had been unable to secure funds to maintain it longer.

To Double-Track Santa Fe. SAN FRANCISCO, March 18.—The Atchison, Topeka & Santa Fe Railway Co. has embarked on a program to double-track its system from California to Chicago, according to W. B. Storey, president of the company, who is here today from Chicago. His statement confirmed previous reports in unofficial quarters of the contemplated move. "Provisions have been made in the 1932 budget for the laying of 75 miles of second track in Arizona as part of the general plan," Mr. Storey said. The rate of development of California business will largely determine how soon this ultimate plan will be carried out.

Business generally seems more hopeful in the territory served by the Santa Fe, Mr. Storey said, but hope for further reduction in passenger and freight rates could not be held out until volume of business increased materially.

YOUTHFUL ELOPERS NABBED

16-Year-Old Led Arrested When He Stopped to Ask Road Route

KANSAS CITY, March 18.—When George Kiestlich, 16, stopped at 4 o'clock this morning to ask two policemen the road to Joplin, Mo., he made a big mistake. At least that is George's opinion. The police took him and Lucella Starns, 14, who cried and said she wanted to go home to her mother, to the station.

George told the police he had stolen a small automobile, changed the license numbers, climbed into Lucella's bedroom window and waked her up, and while she was dressing, stole \$21 out of the trouser pocket of Lucella's stepfather to finance an elopement to Joplin where he planned to marry her.

Lucella says he threatened to kill her if she didn't get up and come along. George says he didn't—that Lucella came of her own free will. They agree that they climbed out

the bedroom window and started the car.

Being somewhat uncertain as to how to get to Joplin they inquired of the two policemen with the disastrous results noted.

George says he is a "graduate" of the state reformatory at Booneville.

Charley Can Now Do Just as He Pleases

Lethal Charley, one of the richest Indian heirs in Tulsa county, won the right to administer his own affairs Saturday when County Judge Z. J. Holt ordered the removal of the bar of incompetency and revoked the appointment of Vernon F. Seaman as guardian. Charley had been fighting for just such an order for nearly three years. In his original petition Charley denied that he was an incompetent, claiming that he was fully capable of administering his own affairs and that his guardian received \$1,200 a year. He also claimed that his affairs had not been handled properly by his guardian. Charley was sued for divorce several weeks ago by his wife who is asking \$100,000 alimony.

FRANCE AGREES TO PAY DEBT

For Qualifies Agreement With Two Conditions: U. S. to Make Terms

PARIS, March 18.—We will pay our debt to America upon two conditions, the Matin stated today, outlining them as follows:

1. America to give terms and delay the collection.

2. America not to interfere with France in recognizing German indemnity nor attempt to reduce the amount of indemnity Germany is to pay.

Stephen Laurence, editor of the Matin, said he had learned from confidential treasury documents that the money borrowed from America remained in that country and was drawn against as purchases were made.

Young Married People Boosting Their Class

It has taken the new young married people's class of the First Christian church exactly four Sunday days to change their attendance

record from 45 to 118. The reason has been partly because the class seemed to fill a definite want of those whose marriage vows are new and partly because a spirited contest to increase the membership is on. On one side are the "Blue Racers" and on the other the "Red Racers," each striving to beat the other so as to escape the penalty of donning aprons and dinner caps and serving

dinner to the winners after the close of the contest the last Sunday in March. Of the 148 young men and young women attending Sunday, 118 were in the classroom at the stroke of 9:30, the commencement time. S. W. Hale is class president, Mrs. Helen Paul Purdy vice president, Ralph Goldsmith vice president, Mrs. G. J. Humphrey secretary and N. C. Cross treasurer.

The Unpatriotic Political Trickster

As the cowardly, sharp practice shacks had to be driven to cover, so the unpatriotic political tricksters must be driven to cover in order that we may not have further rule of our city by cliques for selfish purposes. Hence I invite your cooperation to help put an end to such stuff. Nominate him for mayor by such an overwhelming majority that will leave no doubt of your determination to control your city's rights and get "A New Deal for Tulsa"—Paid political advertisement.
